

SIZE MATTERS: 12'x24' Digital Posters vs. 14'x48' Digital Bulletins

DON'T BE FOOLED BY A "MONEY SAVING BUNDLE"

Our competitor's posters, included in their "bundles" and "packages," are 1/3 the size of Atomic's bulletins!

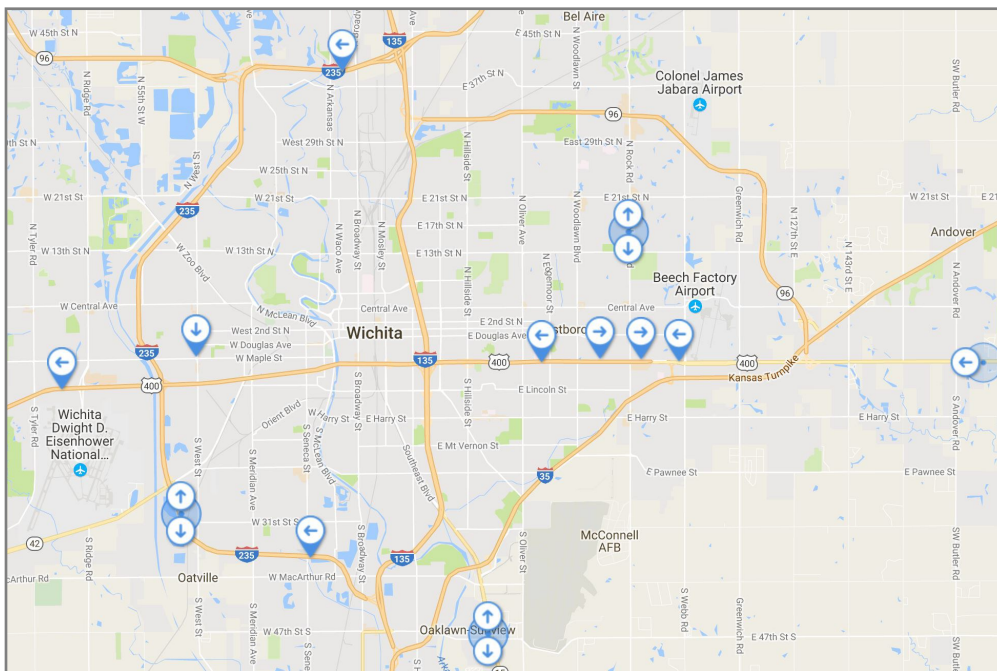

Our competitor's 12'x24' digital posters are much smaller than the size of Atomic's 14'x48' digital billboards.

Atomic's 14'x48' digital bulletin on N. Rock Road. Catches traffic moving northbound with no obstructions and close to the road.

DIGITAL BILLBOARD FOOTPRINT—WICHITA

ATOMIC'S NETWORK

- Access to most sought after advertising, largest 14'x48' bulletins, on premium Wichita locations
- Best coverage on auto corridor (Kellogg/400)
- Network reaches 85% of ICT motorists and 1.1 million residents in Wichita metro area
- Locally owned
- Our competitors DO NOT have exposure on E. Kellogg from Oliver to Webb Road. This is the busiest area of town!
- Four large bulletins along E. Kellogg and a dual sided structure on N. Rock Road ... these are the most desired areas of town for advertising
